

This village day centre supports children from the local gypsy community. In a warm environment, they receive loving care, a sandwich at lunch-time, help with their homework, and Bible lessons. They also have time for fun activities like table tennis, painting, puzzles, computer games, etc. We focus on teaching them appropriate behaviour and we encourage competition in order to teach them the value of merit.

Children who attend the local associated church on Sunday receive Bible lessons with visual aids during the service. There are about 25 in this children, who learn Scripture verses and enjoy Bible colouring books.
